

Invacare Pegasus Metro

The Pegasus Metro is a mid-sized mobility scooter designed for good outdoor performance and indoor manoeuvrability. If you are looking for a good all-around scooter, look no further than the Pegasus. Ergonomically designed from the ground up to focus on key aspects important to both new and seasoned scooter users. As a result, it is equipped with numerous features to ensure users experience a safe, easy and enjoyable ride.

Superior range of safety features

Automatically reduces your speed around bends, preventing you from going too fast when turning.

Comfort

The Pegasus comes with an ergonomically shaped seat with soft padding and height adjustability, providing optimum comfort and positioning. In addition the easy to adjust ergonomic handlebars on the Pegasus prevents fatigue in the hands and arms.
